

DISCOVER THE WORLD WITH YOUR LOCAL LIBRARY

The Karlsruhe Public Library is there for you and your family. The central library at "Neues Ständehaus", the children's and youth library at "Prinz-Max-Palais", the American Library and the smaller branch libraries in Durlach, Grötzingen, Mühlburg, Neureut and Waldstadt are public institutions and open to all inhabitants of the City of Karlsruhe.

We offer...

- media for information, education and entertainment
- fiction and non-fiction books in different languages
- picture books for children and novels for teens in foreign languages at our children's and youth library
- German and international newspapers and magazines (print and online versions)
- various books and courses for language learning
- Wifi, internet and computer stations and areas for reading and learning

How to use the library

Within the library building, many items can be used free of charge without having a library card. Refugees living in Karlsruhe can get a special library card in order to get access to online services (E-Books, databases, digital newspapers) by showing a Residence Permit or Accommodation Certificate (Aufenthaltsgestattung oder Nachweis der Unterbringung).
