# Open IT 4.0
# Integration through Qualification

# Get started in the IT at TechnologieRegion Karlsruhe

With Open IT we focus on having the best application to get a job in Germany. Further, we do not only support you with the design of your job application but match you as well with IT-companies in the TechnologieRegion Karlsruhe.

Thanks to the network of over 4.400 IT companies in the TechnologieRegion Karlsruhe we know, which professional and personal standards companies require to their applicants. Further, we support you with additional training, finding internships and junior jobs as well as the with the whole application process.

Therefore, we can rely on the broad CyberForum network of more than 1.200 members - among them many small and mid-market companies.

The trustful relationship with regionally located companies as well as with locally situated institutions gives us the opportunity of a custom-fit matching of applicants and IT-companies.

# You are right with Open IT, if…

- you are from abroad and have a foreign professional or university degree or a wide job experience in the IT-sector
- you are IT-oriented and technophile
- you would like to find a job in the TechnologieRegion Karlsruhe
- you are in preparation or in process of approval of your IT-degree in Germany

Open IT 4.0 is funded by the Federal Ministry of Labour and Social Affairs and the European Union through the European Social Fund Plus (ESF Plus) and administered by the Federal Office for Migration and Refugees. Strategic partners in implementing the programme are the Federal Ministry of Education and Research and the Federal Employment Agency.

Open IT is within the IQ Network Baden which supports migrants to integrate in the German job market by the nationwide „Förderprogramm IQ“ offering consulting and job qualification.

The project is located at the CyberForum which is, with more than 1.200 members, the largest regional Hightech.Unternehmer.Netzwerk. in Europe. CyberForum is a network of start-ups, companies, creative people, professionals from scientific labs, institutes and universities, students, business angels and apprentices. In a whole, the members represent more than 30.000 jobs.

The Open IT 4.0 project is coordinated by:

CyberForum
HIGHTECH. UNTERNEHMER. NETZWERK.
